

A NARROW ESCAPE FROM TERRIBLE DEATH

MURDER IS AVERTED BY PRESENCE OF MIND OF M. & P. ENGINEER

Hilario Arlane, Beaten, Robbed and Thrown on Railroad Track to Be Killed—Engine Brought to Quick Stop and Man Pushed from Track.

PHOENIX, July 20.—A murder was narrowly averted Saturday morning. A passing engine on the M. & P. track struck the body of Hilario Arlane and threw it off to one side of the track, tearing his shirt and injuring his shoulder, but inflicting no further injury upon the man. Arlane had been assaulted, beaten and robbed by two men and left unconscious upon the track.

At what time during the night the two thugs attacked Arlane he is uncertain, for he was under the influence of liquor at the time when the act was committed. But as he was walking along the track the men sprang upon him. In the struggle which ensued Arlane was choked and severely beaten about the head until he became unconscious. What money he had was taken from him, and he was left by his assailants upon the track. They probably hoped that a passing train would kill their victim and thus remove the evidences of their guilt.

But as the engine approached the engineer saw the body of a man lying upon the tracks and endeavored to stop before reaching him. Although the distance was too short to bring the engine to a standstill, it was slowed down considerably and it is to that fact, in all probability, that Arlane owes his life. The cowcatcher struck him on the right shoulder and pushed him off the track. The force of the blow was not great enough to inflict serious injury, merely bruising the shoulder and tearing the man's clothing.

Being thrown off the track brought Arlane to his senses, and he was able to summon assistance. The train struck him about 5 o'clock in the morning and it is conjectured that he must have been lying upon the track for some hours, for his clothes were drenched by the rain. His head and shoulders are badly swollen from the blows and consequent exposure.

A Mexican named Aguilar has been arrested by Constable Murphy as one of the probable assailants, and another Mexican who goes by the nickname of Texano is being searched for.

WORK ON DAM NOT STOPPED BY RAINS

Tunnel Proves Sufficient to Carry Off Rise of Several Feet in Salt River—Personals.

ROOSEVELT, July 20.—The Tonopah Basin section has had a general rain. Salt river at the dam has risen several feet, but the water does not interfere with work on the dam. The tunnel is answering all purposes, and carrying the amount of water off as intended.

C. W. Smith the engineer in charge here, and Mr. Coghlan, superintendent of the government cement plant, took a trip over in the Sierra Anches in the vicinity of Baker's Butte for a few days' vacation.

Bud Comer is here from Payson today and says the mining prospects of that section are looking up, and that Payson has had plenty of rain. He also reports that Pink Cole's little daughter, who fell out of her father's wagon and was hurt so badly, has about recovered from her injuries.

Dan Parker is here again today with a load of melons and fruit from his ranch on Tonto creek.

Judge J. C. Evans has received the necessary papers, blanks, etc., for registration.

Al Williamson of Globe was a visitor at Roosevelt yesterday.

DELEGATES NAMED FOR DEMOCRATS

COCHISE AND PIMA COUNTY CENTRAL COMMITTEES NAME REPRESENTATIVES TO THE DEMOCRATIC CONVENTION AUGUST 8.

SANTA FE GUILTY ON EVERY COUNT

COMPANY IS CONVICTED IN YAPAI COUNTY OF USING COUPLES NOT ACCORDING TO SPECIFICATIONS OF THE LAW.

PRESCOTT, July 20.—After a three days' trial the Santa Fe railroad was found guilty Friday in the United States district court of violating the federal law relating to safety appliances on railroad cars. There were fifteen counts against the company, and the jury was unanimous in its verdict upon thirteen of the same, while one juror was not quite satisfied in his mind as to the violation of the law on two counts—the two which pertain to requirement as to the height of drawbars. As the case is a statutory proceeding it only required nine votes to constitute a verdict of guilty, and consequently the company will be compelled to pay to the United States a fine of \$1,500, or \$100 for each count.

Heat prostrates the nerves. In the summer one needs a tonic to offset the customary nerve and strength depression. You will feel better within forty-eight hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course, you don't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless, spiritless feeling will quickly depart when using the Restorative. Dr. Shoop's Restorative will sharpen a failing appetite; it aids digestion; it will strengthen the weakened kidneys and heart; by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by Palace and Globe Pharmacies.

Canvas awnings—Globe Paint Co.

LEGAL ADVERTISEMENTS

Globe, Arizona. The School Trustees reserve the right to reject any and all bids. Specifications of the work can be seen by calling upon the undersigned, who will receive the bids.

S. F. SULLENBERGER, Clerk School Dist. No. 1.
